As we have already stated, neither of versities in the United States where wo

The matter of changing the guage on all railroads south of the Ohio from a five-foot to four-foot-eight-and-a-half-inch guage is being considered by sonthern roads at this time. The connecting lines porth have all adopted four feet eight inches as the standard, and carmade for the southern roads cannot be made for the southern roads cannot be made for the southern roads cannot be run over their lines without changing track. This has been done for some time, but as business increases such changes involve no little expense and is a waste, of time, money and opportumuch delay. To overcome this difficulty it is proposed to change the guage of the entire southern system, both track the whole system, if persisted in, or rolling stocks. The "Queen and lowed by the law, will breed nothing the contract of the system of the law, will breed nothing the contract of the system of

DESCRIPTION This is a very desirable place, situated on the first hills west of Pearl river. It has the benefit of a fine swamp range for cattle and hogs. There is a very fair dwelling of 8 rooms, and several tenant's settlements. There was in enlitivation last year about 159 acres which rented for \$315. The same land has been rented for 1884 for \$365. The dwelling and the rest of the land has not been rented. Much more land has been in cultivation and can be easily put under fence again and worked to advantage. There is an abundance of good timber on the place. Would make an excellent truck or fruit farm with easy access to New Orleans or Chicago, Possession given at once, subject to the leases mentioned above.

Work Boxes, Glove and Handkerchief
